

Navigator Discipleship Tool

One of the best ways to stand behind our troops—especially those who seek to reach others around them for the Kingdom of God—is to get on our knees and pray for them!

STANDING BEHIND OUR TROOPS *by Kneeling Before God*

Our men and women in uniform live in situations that are sometimes dramatically different from what we experience on a daily basis. So how can you pray for them?

1. **ASK** God to open the doors of each military installation around the world, so that no military service member would go without hearing the Good News.
(See Colossians 4:3)
2. **PRAY** for God to raise up more Navigators to reach and disciple those who serve in the military and their families.
3. **ASK** for God's protection and favor over those who faithfully serve our country.

4. **PRAY** for God to heal our hurting military families who have gone through the stresses and strains of difficult deployments.
5. **ASK** God to show us how we can appropriately and effectively share life and the Gospel with people from all different cultures and backgrounds, at home and across the globe.
